I need the final tox assessment to upload prior to the FRN posting. Do you have it? Can you send the final version to me to upload?

Angela,

What is the peer review docket that Amparo notes is related to this new docket – we need to link them.

All this means for us is that you Kelly will have access to the Docket and will be our Point of Contact.

I suggest you upload any documents before the FRN publishes.

Angela mentioned that you had a peer review docket related to this new docket, what docket is that?

She also mentioned that you'll have a document publishing on your website, however it does need to be part of the docket. If you don't know how to upload a file please send an email to fdms@epa.gov and they will guide you through it.

Amparo & Mary,
Attached is the final version of the FR document.

Docket status - I worked with Amparo to set up the ORD docket (thank you Amparo – the attached FRN has the information you need to finish that entry). As a reminder, someone from ORD needs to provide the final tox assessment and work with Amparo to get it loaded to that docket. The FR document gets added to the docket when it publishes.

Signature – This email hands off the attached FR document to Mary Manibusan for OP processing.

Let me know if there are any questions with what I did.

Hi Mary et al,

Although there is no dedicated ORD docket per se, there is a specific docket manager that is assigned to ORD, who manages the docket process for ORD materials. The list of docket managers is here <https://intranet.epa.gov/fdmsinfo/contact.html#docketmanagers>, and it looks like we share the same docket manager - here is the docket manager for ORD. Never the less, we have different procedures (e.g., required CBI reviews, forms, etc), so that manager will instruct you on what ORD needs to do – which isn't likely to be the same as what we require for our materials.
<image001.jpg>

I registered the document in the OP system (FR Dailies) used for FRLs and to submit to OP for publication processing. Here is the FRL number to use on the document: **10020-01-ORD**.

I called OP, and here is the person you need to work with to get the FR signed and submitted: **Mary Manibusan**. (Caryn Muellerleile is the desk officer).

So, with that provided, I think it is also important to point out that it may be too late for this document. OP will confirm whether this is something they can get signed & processed.

Here is a first draft using only the mark-up I received from you last Friday, and an old ORD notice Peter found on the web.

We assumed this is a simple announcement of the final tox assessment, so we kept the FR document very short and pulled language directly out of that mark-up. ORD will need to add the following:

- ORD Docket ID #.
- ORD FRL #.
- For Further Information
Contact Info: As a comment, we included the POCs that were in the NOA that Peter found. Otherwise we just provide a template for one contact.

It is set for the Administrator's electronic signature.

Attaching as a shared file and as an attachment.

Hope this helps. Let us know if there are other questions we can help with.
